CEMS is the global alliance in management education consisting of leading business schools and multinational companies around the world. Founded in 1988 in Europe, the network has grown steadily to the Americas and Asia, largely due to the success and popularity of the prestigious supranational CEMS Master’s in International Management program (CEMS MIM).

CEMS is the global leader in the pre-experience Master’s market and the CEMS MIM is acknowledged as the best passport for an international career. This program is exclusively open to Master’s students of CEMS member schools, who meet very strict selection criteria and will receive the CEMS qualification in conjunction with their home degrees.

This global network is unequalled in terms of the reputation of its worldwide members: 33 world-class academic institutions collaborate with more than 70 corporate partners and 7 social partners to offer international, postgraduate students a unique blend of high quality education and multi-country experience. Academic membership to the CEMS network is by invitation only and the selected institutions are among the best in their regions.

CEMS corporate partners represent a highly diverse network in terms of sector of activity, company culture, size and reasons for being part of the CEMS alliance. However, they all recognize the important competitive advantage of a privileged access to a pool of internationally-minded top business students.

The partnership structure enables corporate partners to contribute actively on a variety of fronts within the network: from contributing to the strategic orientation and management of the network and CEMS MIM curriculum delivery, through to recruiting CEMS students, graduates or alumni to their organizations. CEMS corporate partnership is perceived as a long-term commitment bringing benefits to the whole CEMS alliance.
PROGRAM
The HKUST Master of Science in International Management Program, HKUST MIMT, is offered by the HKUST Business School in collaboration with CEMS. HKUST Business School’s membership in CEMS enables it to leverage CEMS’ extensive network of academic members, corporate and social partners, students and alumni, etc. across the world.

FAST-TRACK ADVANTAGE
The HKUST MIMT program is a one-year full-time pre-experience postgraduate degree program. It is tailor-made for fresh graduates or those with no more than two years of work experience who possess multi-cultural aptitudes and aim to take up international leadership positions in their careers.

The one-year HKUST MIMT program offers students a fast-track advantage so they can reap the latest academic knowledge required for career development and obtain practical experience in the business world and international and cultural exposure outside the region in the shortest time.

The program commences with a Foundation Summer Term, followed by Term 1 (Fall), Term 2 (Spring), and Summer Internship after Term 2. The Foundation Summer Term is offered to HKUST home students only. Students are guaranteed an opportunity to go on exchange to a CEMS member school in either Term 1 or Term 2, while there will be exchange-in students from other CEMS member schools reciprocally.
**Carefully-Designed Curriculum with Asia Focus**

The HKUST MIMT program builds a strong foundation for management success and creates a unique learning experience for each of our students through rigorous study and an emphasis on creativity, analytical thinking, teamwork and actual practice.

The curriculum is carefully-designed to combine academic theory with business practice and international exposure. It consists of foundation courses, a block seminar, a seminar on Global Citizenship, required courses on Strategy and Global Leadership, a business project, skill seminars, international exchange at other CEMS member schools for one term and an international internship outside the students’ home country or home school.

One of the distinguishing features of our courses is the emphasis on developing Asia and China business expertise. A good number of our courses have Asian content to equip students with a better understanding of the Asian business environment.

**Introductory Language Course**

**Skill Seminars**

**Business Project**

**International Exchange**

**International Internship**
Academic Exchange with Cross-cultural Experience

Students are guaranteed to go on exchange to a CEMS member school abroad in either Term 1 or Term 2. “Abroad” is defined as outside the students’ home schools where their bachelor’s degree was delivered or their home countries. Students can choose from CEMS’ network of elite member schools in Europe, the Americas, Africa and Asia.

Enhanced Language Capability

All students must have three languages, which include English and a second and a third language when graduated. The second and the third language can be any language. Only one of these 3 languages can be the student’s mother tongue.

Students entering the program with two languages must study an equivalent of at least one term of introductory courses of a third language at HKUST and complete it successfully before graduation.

Practical Internship Integrating Theory and Practice

Students are required to work on a consecutive period of at least 8 weeks in one company outside their home schools or home countries in order to fulfill their international internship requirement after Term 2 (during summer).

Dual Qualifications and Worldwide Network

Upon successful completion of the program, students will receive two qualifications: the “Master of Science in International Management” degree from HKUST and the “CEMS Master’s in International Management” recognition qualification from CEMS.

Graduates can join the HKUST Congregation as well as the CEMS Annual Graduation Ceremony upon graduation, and become alumni of both worldwide networks.
**Double Degree Option**

Combining two master’s degrees from two leading business schools in two countries, the M2M Program aims to offer high-achieving students the opportunity to gain a solid business education and a global perspective concurrently. M2M students benefit from the career resources, networks, and distinctive strengths of two leading business schools, allowing them to enter the job market with key advantages over their peers.

**HKUST - Yale/ - FGV EAESP Double Degree Option**

Under a double degree partnership established by the HKUST Business School, the School of Management of Yale University (SOM) and the FGV Sao Paulo School of Business Administration (EAESP), the HKUST MIMT program can be combined with the Yale SOM Master of Management Studies in Global Business and Society (Yale MMS) or the FGV EAESP Master in International Management (FGV MPGI).

Successful students being admitted to both universities will spend the first academic year in the HKUST MIMT program and the second academic year in the Yale MMS program or the FGV MPGI program. Students are required to settle the program fees to HKUST and Yale or FGV EAESP in respective years at where they stay. Scholarships or financial aids, if any, are also independently allocated by respective schools.

Students can opt for the HKUST-Yale or -FGV EAESP double degree option at the time of HKUST MIMT admissions.

**ROGER WU**  
2013-14 Intake  
Associate Director of Strategy  
PingAn Smart City (China)

Being a student of the HKUST MIMT program was one of the best choices I made in my life, and it was an eye-opening and unforgettable experience. The program surprised me in many aspects such as the competitive and diverse cohort, dedicated staff, and widespread yet strong network, etc.

I really appreciated the MSc Career & Professional Development team who guided me through the job hunting process and assisted in landing my first job after graduation with Bain & Company.

**RAJVI SHAH**  
2014-15 Intake  
Senior Consultant  
KPMG (Hong Kong)

I am currently working as a consultant at KPMG’s CIO Advisory department. I believe that the courses I studied and the people I met during the HKUST MIMT program have equipped me thoroughly to face the challenges in my work environment. The curriculum of the course is designed to tackle the business complexities that exist and will exist in the coming years. The professors have always inspired us to be forward looking and exposed us to real world cases that make learning more efficient and applicable. My time in Beijing during my international exchange provided me with insights into the Chinese working culture through the business project. These are the experiences and learnings I carry with me when addressing business issues that today's companies are facing. Above all, I am grateful to the HKUST MIMT program for linking me to a network of bright and open-minded individuals that support me throughout my journey.

**DUCKY HUANG**  
2015-16 Intake  
Associate, Equity Product Department  
Hong Kong Exchanges and Clearing Limited (Hong Kong)

I really appreciate the one year in the HKUST MIMT program, which provided me with both knowledge and practical experience and made me better prepared for the job market. I improved my communication and presentation skills a lot through various of group work, making me more confident in the workplace. In addition, the data analysis methods and project management tools I learnt from CEMS business project are also helpful for me to manage the projects I have in my current job.
SHERRY LI  
2016-17 Intake  
Current position & company:  
Key Account Strategist  
Google (China)  

Studying at the HKUST MIMT program was one of the best decisions I have ever made. I feel grateful for what I have accomplished so far and would like to express my heartfelt gratitude towards both HKUST and the MIMT program. Well designed with real world case studies and class projects, the MIMT program nurtured us to become a real business professional. The program also provided us with the opportunity to, not just only see, but also experience and interact with the world. I worked and studied with students from different cultural backgrounds, and gradually became a truly global citizen throughout the 1-year study. Thanks to these mind-blowing experiences in the MIMT program, which have equipped me with distinctive qualities to outperform in job interview and eventually allowed me to kick-start my current career at Google (China).

PAUL BASHIR  
2017-18 Intake  
Current position & company:  
Consultant  
Deloitte Consulting LLP (United States of America)  

During my time at HKUST, I had the chance to improve my leadership skills as the President of the CEMS Club, to expand my professional network within HKUST and the CEMS alliance, and - most importantly - to meet incredible people from all around the world. The comprehensive management coursework of the MIMT program provided me with the relevant skill set to excel in an international environment, helped me look beyond the obvious to solve complex and important problems, and prepared me perfectly for the GBS master’s at Yale University as well as my current job as a Consultant at Deloitte US.

DAVID ZHANG  
2018-19 Intake  
Current position & company:  
Marketing Manager, WeChat Marketing Department  
Tencent (China)  

I will never forget my one-year journey at HKUST MIMT program, since it improved my soft skills and enriched my global vision. As the President of the CEMS Club, I had many chances to enhance my leadership skills and build network with CEMSies around the world. During my International Exchange and CEMS Business Project at HEC Paris, I cooperated with European teammates as a consultant, to brainstorm for novel marketing ideas and to solve practical problems in the real business world. More importantly, MIMT program and HKUST Business School offered abundant career development opportunities and alumni resources, which is one of the reasons why I can outstrip other potential applicants and get the offer of Tencent WeChat in challenging interviews. In a word, if you are outgoing and adventurous, HKUST and CEMS alliance will be the best choice for your postgraduate studies.
Testimonial from Project Sponsors

China CITIC Bank International Limited
Deputy General Manager & Head of Marketing & Customer Digital Experience, Personal & Business Banking Group
Mr. Kenneth Chan

The team has done an excellence work on providing quality data, research with insights and presented in a clear and precise ways that is very relevant to our roadmap. What’s more, the team demonstrated professionalism, understanding of our needs and a memorable experience throughout.

Fung Group
Director-Sustainability & Executive Vice President-Supply Chain Futures
Ms. Pamela Mar

The students were able to translate our broad objective into something concrete and with great success potential, without step-by-step guidance from us. They went above and beyond our expectations by producing a great video and a handbook; both of which showed careful thought, planning, and creativity. From the beginning to the end of the project, the team showed increasing amounts of independence, initiative, and creativity to deliver things that went “above and beyond.” In short, a “dream” project team.

United Overseas Bank (UOB)
Vice President, Transaction Banking
Mr. Alex Chan

The team has demonstrated professionalism, enthusiasm and passion to the highest level throughout the project in order to optimise project deliverables. The students have shown a good understanding of technical knowledge coupled with practical considerations and suggestions. Their strong team spirit has enabled them to overcome challenges and achieve high quality outcomes.
Hilti (Asia) Ltd.
Head of Engineering of Hilti North Asia
Mr. Akash Chauhan

Very good ideation, structure thinking and command on the project content. The team had exceptional ability to grasp new and complex topics throughout the project, and was able to give convincing counter point of views to answer challenging questions in the final presentation.

ZA International
Head of Strategic Partnership
Mr. Ken Lo

The project team has done a very good job throughout the project period. The feedback provided has been addressed with in-depth research and the students came up with very well-thought-out recommendations. What we would like to highlight is the team’s professionalism and enthusiasm—they have been very proactive in their communication and despite the fact that none of them are local students, they have done an extraordinary job in providing insights into the local market. We are confident that they will be outstanding consultants with client relationship management being one of their core expertise.

Hyundai Hong Kong
Managing Director
Mr. Kevin Lau

The whole research was well structured which could effectively respond to our business requirement. Comprehensive analysis was conducted and the competitor sales service comparison was especially well done which provided us with insightful findings. Professional and dedicated attitude was displayed throughout the project.
The HKUST MIMT program helps prepare students to be ready to start or to advance their career. The HKUST Business School’s MSc Career & Professional Development team provides guidance and service for all full-time MSc students, which includes:

- Identifying the student’s unique career-related interests, values and capabilities;
- Enhancing job searching skills, preparing for workplace requirements and career management strategies;
- Accessing opportunities for internships and full-time employment with a diverse group of recruiting firms and organizations.

One-on-one career coaching, as well as career-related training / workshops will be provided to students when they join HKUST.

The MSc Programs Office will also arrange various enrichment activities and luncheon talks for students. These will be a platform for networking with industry practitioners and senior management from industry in Hong Kong and Mainland China.

In addition, overseas tours may be arranged for students from time to time. The tours will help students better understand the industry landscape, develop applied skills in industry and company analysis, and network with industry practitioners outside of Hong Kong.
Global Career Opportunities

Students of the HKUST MIMT program are equipped to become potential candidates for leadership positions in international management. The specialized subject knowledge learnt in class as well as the practical experience from business projects and international internships are excellent preparation for a global career in any industry and job function upon graduation.

The CEMS network provides services to facilitate students’ entry into the world of work and the career to which they are best suited, and helps companies find the right profiles for recruitment. These services include CEMS Career Forum, CEMS Virtual Career Fair, CEMS Job Market and CEMS Student CV Database. Moreover, CEMS students also benefit from free access to online career development platforms offering useful tips and information that help them best prepare for the early stages of their career.

Students of the HKUST MIMT program will have a similar profile and career track as the alumni of the CEMS MIM program who have gone on to work in a variety of industries, including management consulting, consumer goods, energy, investment banking, high-technology and commercial banking, telecommunications, media/information, etc. Their functions/departments also span across finance, marketing, general management, production/operations, sales/export, and audit/management control.
The exchange at Aalto University in Finland was a mind-blowing experience for me both in terms of academic exposure as well as personal development. I had the chance to visit a number of world-renowned consulting companies and learned about the beauty of consulting industry through interactive stimulation exercise and thought-provoking sharing from the practitioners. Through the events organized by the CEMS club, I also gained a better understanding about Finnish culture - I have tried the traditional sauna and even jumped into the frozen lake, which is indeed a big personal breakthrough for me! I have also made friends with other CEMS classmates coming from different parts of the world, this global friendship and network shall remain my lifelong asset no matter where I am!

The exchange experience at St. Gallen University, one of the most well-known business schools in Europe, not only provided me with practical knowledge, but also a global peer network and useful hand-on business experience. At St. Gallen University, I had the chance working with leading companies like Daimler and Facebook on business strategy projects, from which I learned valuable project management skills which will help me manage similar business projects in the future.

Classes at St. Gallen are thought-provoking and closely related to real business world. Classmates are all very intelligent, coming from diverse backgrounds and cultures. I would strongly recommend students joining the weekly CEMS club events ranging from International Brunch, Corporate Partner Round Table, to Farewell Weekends, through which you can establish friendship and strengthen bonding with other overseas CEMS friends.
JENNY GAO
Exchange School:
UCD Michael Smurfit Graduate Business School, Ireland

During my exchange period at UCD Michael Smurfit Graduate Business School in Ireland, I was fortunate to have a chance to work on a business project at Oracle EMEA Center. As Oracle is transforming its business model from direct sales to subscription sales, we helped them analyze the market of subscription sales model both inside and outside the IT industry. Based on our research findings, we proposed an integrated platform to help them manage business relationship and we are glad that the project received good recognition from Oracle.

Besides, I also participated in events like Smurfit Ball, St. Patrick Day, Alumni Party, Hiking at Wicklow Mountain and Graduation Trip. Ireland is an amazing country with beautiful landscape and lovely people. I have acquired new skills, expanded my network and tried out new challenges here. I am really grateful for having such exchange experience.

Rachel TIAN
Exchange School:
Corvinus University of Budapest, Hungary

My exchange life at Corvinus University of Budapest (CUB) is valuable and unforgettable. It first started with a sightseeing tour and different social networking sessions, through which I got to know my fellow classmates and shared many memorable episodes together. Then we kick-started our block seminar in Visegrad, one of the most beautiful towns in Hungary. We had an enjoyable discussion on digital business transformation with other students coming from diverse backgrounds, coming up with many creative and brilliant ideas.

There were also some other amazing opportunities for you to sharpen your professional edge here at CUB. I was chosen by Bain & Company to participate in the workshop “The Beauty of Due Diligence” in Munich, and gained valuable insider insights into the topic Private Equity. In the CEMS Pro Bono Consulting Project, under the guidance of university professors and professional consultants from Deloitte, our team helped a local NGO “Neurodiversitas Foundation” establish a sustainable business model, through which we also learned how to become professional business consultants, preparing us for future challenges ahead.
